Native Prairie Speaker Series Webinar

Speaker: Ellie Annett, Educator, Alberta Prairie Conservation Forum

About this Webinar:

Deep Roots: The Story of Alberta's Grasslands is an engaging exploration of Alberta's native grasslands, the species that depend on them, and the challenges these ecosystems face today. Through stories, wildlife, and conservation examples, the presentation highlights why grasslands matter, how they are being lost, and the importance of increasing awareness and stewardship to help ensure their future.

About the Speaker:

Ellie Annett is an educator and advocate for environmental conservation and stewardship. Born and raised on the grasslands, she is committed to fostering meaningful connections between people and the land through engaging and accessible learning experiences

PCAP's Native Prairie Speaker Series is a monthly webinar about prairie conservation or species at risk.

Hosted by: Caitlin Mroz-Sailer, Stewardship Coordinator, Saskatchewan Prairie Conservation Action Plan

We respectfully acknowledge that we are on the traditional territories of many Indigenous Nations and communities, past and present. For a millennia, they have worked to protect these landscapes and the life these areas sustain. I would like to thank these original caretakers, and acknowledge the ongoing work and presence of Indigenous Peoples in Canada today.
