

2027

12th Native Prairie Restoration/Reclamation Workshop Trade Show

In 2027, Saskatchewan Prairie Conservation Action Plan will be hosting the 12th Native Prairie Restoration/Reclamation Workshop (NPRRW). A key feature of this event is the Trade Show, taking place on February 10th-11th, 2027.

The goal of NPRRW is to bring together practitioners to discuss how to better restore and reclaim prairie for the future. This event will include expert speakers, hands-on case studies, academic poster session and extended breaks for networking.

The Trade Show is an ideal way for native seed providers and users to connect, or for consulting companies and environmental non-governmental organizations to showcase their products and services! Registration for the 2027 trade show will open in October!

Details:

- **Date:** February 10th-11th, 2027
- **Location:** In the South Room of Sheraton Cavalier in Saskatoon, SK.
- **Expected Attendance:** 250 participants representing industry, government, environmental non-governmental organizations, consultants, research and education institutions, land managers, agricultural producers, native seed companies and more. Attendees will be coming from Alberta, Saskatchewan, Manitoba and beyond.
- **Times:** With the goal of facilitating networking, this event will feature extended coffee breaks with designated trade show times. A schedule of Trade Show times will be made available in January and will be found here: <https://saskpcap.org/native-prairie-restoration-reclamation-workshop/>
- **Set-up:** Set up will be available on February 9th and 10th, 2026. A Trade Show book includes a 6-foot skirted table. Power is available, if requested.
- **Booth Fee:** All booth exhibitors are required to purchase a full event registration. There are a variety of registration options for 1-3 days, as well as early-bird discounts.
 - Corporate Booths: \$550.00 +tx
 - Non-Profit Booth: \$195.00 +tx
